POWERFUL IDEAS FOR POWERFUL RESULTS

ENDLESS ROPE PULL ATTACHMENT

The Endless Rope Rack Attachment includes an Endless Rope HR100 model manufactured from 7 and 14 gauge steel and an adjustable rack attachment. The Endless Rope HR100 features a Polydac 3 strand rope measuring 1.5" in diameter and 20' in length and handles for easy portability and adjustment. The HR100 slips over a plated shaft on the rack attachment and the unit freely rotates on UHMW plastic, the unit can also be locked into 1 of 5 different angles.

KEY FEATURES:

- Polydac 3 strand rope measuring 1.5" diameter x 20' in length
- Resistance is provided through a hydraulic fluid system with an easy to use 4 turn flow valve. Red, Blue and White marks on the knob identify turns
- Manufactured from a combination of 7 and 14 gauge steel and finished in black wrinkle paint for durability. Stainless steel and zinc hardware are used for assembly
- The attachment slips over a plated shaft and can freely rotate on UHMW plastic. Unit can also be locked into 1 of 5 different angles.
- 1/2" diameter steel loop handles for easy portability and adjustment.

Overall Dimensions:

18 1/2" (H) x 8" (W) x 22" (D)
53 lbs. (Weight)

Warranty:

Lifetime conditional warranty on frame components. Five years on rotary bearings, guide rods, pulleys and weight plates. One year on belts, cables and grips. Ninety days on upholstery and items not specified.
