

# POWER LIFT®

POWERFUL IDEAS FOR POWERFUL RESULTS

## SQUAT WEDGES

Power Lift Squat Wedges are designed to improve squat depth and to target specific muscle groups. Wedges are available in 10, 15, and 20 degree angles and feature an Xtrax surface for improved grip.

### KEY FEATURES:

- Available in 10, 15 and 20 degree angles
- 14 gauge steel used for main formed part
- 7 gauge steel side plates
- Frame is reinforced with 1.5" x 0.75" x 0.075" rectangular steel tubing
- Reinforcement / spacer rectangular tube allows for compact stacking with no binding upon removal
- 1/2" diameter round steel handles provides multiple carry options
- Assist with movement, stacking, storing of squat wedges
- Extended foot plates provide increased stability
- XTrax
- Die Cut XTrax is used on the working surface and on the bases of the squat wedges
- XTrax is non-marking and provides a long-lasting grip
- XTrax is attached using a pressure sensitive adhesive
- Load tested to 1,000 lbs.
- Finished in standard wrinkle coat black finish

### Overall Dimensions:

- 25 9/32" L x 12" foot placement area
- 17 1/2" D x 33" (measured handle to handle)
- 10 Degree: 2 7/16" H - 16 lbs. (weight)
- 15 Degree: 3 1/2" H - 17 lbs. (weight)
- 20 Degree: 4 15/32" H - 18 lbs. (weight)

### Warranty:

Lifetime conditional warranty on frame components. Ninety days on upholstery and items not specified.

### Part Numbers:

44114C | 44109C | 44100C
