

POWER LIFT®

POWERFUL IDEAS FOR POWERFUL RESULTS

3 x 3 11 GAUGE COLLEGIATE RIG STATION

Power Lift's 3x3 11 Gauge Collegiate Rig stations allow users to create the training station that fits their needs and space. Training stations are centered around the 3x3 11 gauge uprights which include 1 pair of Bar Catches and 1 pair of spot bars. Training stations are connected using 3"x3" cross members and 1.5" diameter round chin handles. Units can also be customized to include various monkey bar/ladder stations, storage trays, or 3x3 rack attachments. Upgraded "Rhino Hook" Bar Catches, Spot Bars, dual grip chin handles are also available. Optional base skid plates allow the units to be used without anchoring to the ground, units must be anchored if base skid plate is not included.
